Dear Parents/Guardian:

This permission slip is to inform you that soon in United States History students will be watching excerpts from an educational video called, *The Crossing*. This video is the story of George Washington and his troops surprise attack on the Hessian troops at Trenton during the American Revolution. This is a made for TV movie from the Arts and Entertainment channel, but because of some violence and content, I wanted to inform you of the curriculum and let you make the decision on the appropriateness of this video for your son/daughter. Alternative assignments will be offered for those students choosing not to watch this video.

________ yes, my son/daughter can watch the video

________ no, my son/daughter can **not** watch the video and I request alternative assignments during this time.
